Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

will generally correct this difficulty.
If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

TWO SENATORS' TESTIMONY.

Tell What They Know of Catarrh and Pe-ru-na.

HON. EDWARD DWYER.
[Senator 17th District, Chicago, Ill.]

Hon. Edward Dwyer, State Senator, Seventeenth Senatorial District, Chicago, Ill., writes: "Pe-ru-na cures when all other remedies fail. I can heartily recommend Pe-ru-na as a catarrh remedy. It has been two years since I was cured, and I consider my cure permanent. I took the remedy for two months and am now entirely cured. I applied to several doctors, but they were not able to cure me. I tried many remedies without avail.
"My catarrh was located chiefly in the head. I was afflicted with catarrh for seven years."
"Pe-ru-na cures catarrh wherever located. Who is it that says Pe-ru-na will cure catarrh wherever located? Doctors say it, lawyers say it, preachers say it, a vast army of men and women say it who have tried it. The old and the young say it. They say it in the east, in the west, they say it in the north and the south."

Hon. Porter Johnson, who has served four years as State Senator from the Fourth District in the city of Chicago, Ill., and who also is the first Democratic Senator ever elected from that district, writes: "I can heartily recommend Pe-ru-na as a catarrh cure. It cures when all other remedies fail. I applied to several doctors, but they were not able to cure me, but they were not able to cure me."

HON. PORTER JOHNSON.
[Senator 4th District, City of Chicago, Ill.]

"I took the remedy for fifteen weeks and am now entirely cured. It has been a year and a half since I was cured, and I consider my cure durable. I was afflicted with the catarrh for five years. My catarrh was chiefly located in the stomach."
Send to The Pe-ru-na Medicine Company, Columbus, O., for Dr. Hartman's latest free book on chronic catarrh, in English, etc.

Mrs. and Mrs. A. E. Adams have returned from Dal's, Texas, and Owensboro.

Mrs. N. Carney and daughter Margaret of Hite's Run were in town Tuesday.

The Ladies' Aid and Missionary societies of the Baptist church met with Mrs. F. N. D'Huy Monday afternoon.

Mrs. Captain John Adams, of Lewisport, is very ill of consumption at the home of Mrs. Neison Jolly at Jolly Station.

Miss Jessie Reynolds, who has been the guest of Miss Mamie DeHaven, returned to her home at Fordsville last week.

Jesse Willis who has been the head salesman in the dry goods department of the firm of Heston Willis Co. has resigned his position.

Charles May, Jr., left Wednesday night to accept a position at Shreveport, La., with the Kansas City, Pittsburg & Gulf City Railway Co.

Mrs. J. G. Stephens of Addison went to Louisville Monday. She was accompanied by her son who will return to his home in Florida in a few days.

Mrs. A. B. Skillman, Mrs. W. H. Bommer and Miss Elizabeth Bommer spent Friday at Addison with Mrs. James G. Stephens and Mrs. Wm. Minor.

Mrs. Alex Boyd, who has been in Louisville at the St. Joseph Infirmary under the treatment of Dr. Wathen, returned home Monday much improved.

J. G. Brashear superintendent of bridges on the "Henderson route" was here Monday. Mr. Brashear said: "Everything is in excellent condition on the road."

Miss - Browning, of Sebree, was registered at the Mitchell hotel Sunday en route to Patesville where she is to take charge of the military department of J. N. Paxton & Co.

Mr. Sam Conrad has been exceedingly successful with a chicken incubator. The incubator requires a setting of fifty eggs and from this number nine were hatched. He says: "If I had more time to devote to the machine I am confident I could run the whole setting out."

SIMPLICITY IN STYLE.

The art of simplicity in style depends upon the ability to grasp essentials, and it is the requirement of this ability that probably dooms many to years of struggle. An astute old minister, being asked to make a five-minute speech, smiled and replied, "If you want me to talk five minutes, I will want an hour to study, but if you ask me to talk an hour, I can do so on a moment's notice."—From the Self Culture Magazine for March.

"That little boy seems as busy as a bee."
"Yes, he has hives."

Packing For Moving.

"If you will only pack things in small boxes," says the woman who knows how to move, "you will have the men who move you in a comparatively beatific state of mind; books, for instance. It is strange, but every woman who has books to move immediately gets the biggest box she can find for them. Books are heavy anyway, and big boxes are liable to break with their weight, and it is almost impossible to move them. They will fit just as well into small, square boxes in which packages of starch or oatmeal have come, and they will pack into the moving van better, and the men can handle great numbers of them with little trouble."—New York Times.

Clover seed that was sowed early enough to sprout didn't do any too well during the zero weather we had last week. Some farmers will resow on that account.

Equire R. A. Craycroft and attorneys J. D. Hardin and Thos. J. Hamilton were in Guston last Saturday attending law suits, that were tried in Mr. Craycroft's court.

The Hon. W. A. Stith returned from Frankfort last Thursday. He is in better health and stronger than I ever saw him. The experience that he has had at our State Capital will count immensely in the political make up of this young politician.

Ben Hardaway, received a letter from his son, Frank, who is fighting in the Philippines, stating that his health is better than it has been for many years. Frank was in very delicate health while here on a visit about ten months ago, and was scarcely able to go back to his regiment.

Jim Jarred, who cut his foot so severely sometime since, with an ax, is not getting along well. There seems to be a piece of bone that is giving a great deal of trouble. Mr. John Cox, who happened to the same accident, is getting along nicely. Dr. Baxter is attending both cases.
